

**Illinois Natural Heritage Database  
Endangered /Threatened Species Occurrence and Sighting Report Form**

**Observer Information:**

Name:

Phone:

Email:

**Species Information:**

Species name:

Date of Observation:

New sighting or update: **New**                      **Update**                      **Unknown**

Entire extent of occurrence: **Known**                      **Unknown**

Population: **Naturally Occurring**                      **Introduced**                      **Unknown**

If introduced, when was it introduced and from where:

**Location information** (if latitude and longitude unavailable, please include map or GIS layer)

**County:**                      **Latitude:**                      **Longitude:**

INAI Site Name (if applicable):

Survey Site Name (alias):

Additional comments about location:

**Observation Information:**

Observations Details (such as population size, evidence of breeding or population growth, what life stages are present, number or percentage of fruiting/flowering/vegetative plants, population density, etc.)

Habitat and Surroundings:

Known Threats to Population (if any):

Specimen Vouchered: **Yes** **No**

If vouchered, where was deposited:

Additional Comments:

**Return to:**
