

ILLINOIS NATURAL AREAS INVENTORY

INAI Stream Grading Form

Site Name: _____ INAI Number: _____ Grading Date: _____

Natural Community Type: _____ Valley Segment Length (km): _____

Evaluator's Name: _____

Email: _____ Phone Number: _____

Qualifies Under Category I Criteria:

Qualifying: _____ Non-Qualifying: _____

Report the highest proportional score for each taxon. Score calculated from assessments occurring within the past ten years are preferred. See Standards and Guidelines Appendix A.3 for scoring details.

Taxon	Index Score or Sample Integrity Score	Proportional Score	Year Taxon Sampled
Fish			
Benthic Macroinvertebrates			
Mussels			

Valley Segment Integrity Score: _____ Valley Segment Grade: _____

Notes regarding biological data used for grading.

Identify sources of degradation observed within the valley segment (e.g., channelization, excessive anthropogenic sedimentation, limited riparian zones, eutrophication, dams).
